

BEACHPLACE ASSOCIATION

February 3, 2021

Dear Beachplace Residents,

We have had a large increase in occupancy this month. I would like to inform all current residents at Beachplace of our various personal protection policies concerning the COVID-19 epidemic and the safety of the community. Out of an abundance of caution and in compliance to current CDC Regulations and Longboat Key Ordinance 2020-10, the USE OF FACE MASKS IS NOW REQUIRED IN THE FITNESS ROOMS.

The LBK Ordinance requires the use of face masks in all Common Areas including: Elevators, Lobbies, Restrooms, Meeting Rooms, Walkways and stairwells within the condominium buildings and the Library.

Please continue to observe the CDC social distancing recommendations in ALL Common Areas. The rules pertaining to the pool and fitness rooms are posted in those areas. Please use the elevator in a safe manner with no more than 2 passengers at a time unless you are family members.

Check your lobby board for current Beachplace COVID-19 policies, or the Town of Longboat at www.longboatkey.org

Thank you for your cooperation in keeping the Beachplace community safe for all.
