

Pool and Clubhouse

The pool area is a high activity area. The rules are necessary for everyone to enjoy the activities and to promote the safety for all. Use of the pool is at the sole risk of the user. The pool is unguarded—swim at your own risk. Children 12 and under must be accompanied and supervised by an adult at all times. Children age three or under are not allowed in the main pool at any time, or for any reason. All users must be toilet trained and no diapers are allowed.

The SPA is restricted to those 18 years of age or older due to the 104+ degree water temperature. Pregnant women and anyone with high or low blood pressure or other heart problems are recommended to avoid use of the spa. Children under 18 years of age are not allowed in the spa. Wash sand from your feet and wash the tanning oil off by using the shower before entering the pool or spa.
